FUNCTIONAL SPECIFICATIONS

1 – User specific Feed or UGC

Type: Component area block

Functionality: This component will display the latest 20 feeds, ordered from most recent to older, top to right. Only feeds from the latest 6 months will be displayed. If no feeds are available, a "<No more available stories>" text has to appear at the bottom of the component.

2 – See More Button

Type: Button

Functionality: onClick displays 10 additional UGC. The call to action of UI may changde depends on technical constraints from IT.

Condition this call to action will only display when there are more than 20 entries of the associated session.
