Hi kareduse! Thanks for posting your question today. You can give the folks at 1-800-4-MY-HOME a call for your protection agreement information.

If you are looking for your receipt, you will need to call your local store and they can get that and your warranty information for you.

## Avoiding Holiday Appliance Emergencies

by Barb Hopkins

Appliance emergencies are the last thing you want to deal with during the holidays, especially with a house full of guests. Whether it's refrigerator problems or oven issues, here are some tips for troubleshooting appliance problems during the holidays.

## Oven problems

**Sab ON code:** Ovens with a Sabbath Mode override features of modern ovens that do not conform to a kosher home's needs. This includes any auto-shutoff feature for energy conservation/fire prevention. The oven in Sabbath Mode may display a code such as Sab ON. To cancel it, try one of the following methods:

- Press and hold down the CLOCK button for five seconds.
- Refer to the owner's manual for the numerical cancellation code. Enter the code on the oven's keypad
- Press COOK TIME and DELAY START at same time, waiting three seconds before releasing.

**Unlocking the oven door:** When an oven door is locked and the self-cleaning cycle is not running, you can unlock the door by pressing the STOP/CLEAR button. Next, start the self-cleaning cycle. Wait one minute and then press STOP/CLEAR again. The door should unlock.
